

## Enhancing market presence in Poland

On September 1, 2005, Bossard Group, the leading global provider of components, engineering and logistics solutions for industrial fastenings, headquartered in Zug, Switzerland, acquired an 80 percent share in Sal-Pol Sp.Z o.o., a Polish company domiciled in Radom.

Founded in 1991, the company has 22 employees and reports sales in the region of CHF 3 million. Sal-Pol Sp.Z o.o. has been working together with the Bossard Group for a long time and primarily supplies international industrial customers in Poland.

This acquisition is an important step for Bossard within the scope of its expansion program in Eastern Europe. Local presence will give the company direct access to the steadily growing market potential. Additionally, this will allow Bossard to offer even more effectively its specific value-added services in the fields of technical support and logistics in the Polish market.
