

BOSSARD CODE

Simple electronic order system

Bossard Code simplifies the ordering of regularly used items which are stored in bins and labelled with a barcode, that contains all relevant data. Recorded orders can be transmitted wirelessly.

FEATURES

**WIRELESS****MANUAL ORDER RELEASE****ARIMS** – Access to Operation Dashboard**YOUR BENEFITS**

- lower your total cost of ownership
- increase your efficiency
- enhance your profitability
- more time for your core activities

BOSSARD CODE

ORDER PROCESS WITH BOSSARD CODE

1. The bins are labelled for easy identification.
2. When minimum levels are reached, data is recorded with the scanner and orders can be transmitted wirelessly.
3. Bossard consolidates the ordered items into one shipment which is sent to the customer.
4. Depending on the pre-defined agreement, we deliver the material either to the dock or directly to the point of use.

For more information on Bossard Smart Factory Logistics, please refer to our main brochure.

If you have any questions about the BossardCode, please feel free to contact us on www.bossard.com.
