

Confirmation of equivalence

In the course of a strategic reorientation, the Bossard Group in Zug has decided to discontinue offering products under the brand name "ecosyn®-lubric". Up to now, Credimex AG in Alpnach has been carrying out the "ecosyn®-lubric" coatings exclusively for the Bossard Group. Credimex AG has reached an agreement with Bossard AG that Credimex AG can now offer these coatings to all customers under the brand name "CresaCoat®".

We confirm that the same coatings are used for "CresaCoat®" as well as the same machines and production processes and that it is therefore an equivalent applied coating.

Product referencing:

Old Bossard product designation	Credimex product designation	Comment
Bossard ecosyn®-lubric Black	CresaCoat® C 307 Black	≤ M12
Bossard ecosyn®-lubric Silver	CresaCoat® C 313 Silver	≤ M12
Bossard ecosyn®-lubric Black oder Silver	CresaCoat® C XXX Black or Silver	> M12 on request only, according to customer requirements
Bossard Coating CD 586	CresaCoat® C 307 CD	
Bossard Coating AF 573	CresaCoat® C 112	
Bossard Coating AF 559	CresaCoat® C 702	
Bossard Coating AF 558	CresaCoat® C 329	
Bossard Coating TC 588	CresaCoat® C 905	
Bossard Coating ZF 306	CresaCoat® C 806	
Bossard Coating ZTC 307	CresaCoat® C 803	
Bossard Coating ZFB 308	CresaCoat® C 805	
Bossard Coating TC 054	CresaCoat® C 808	
Bossard Coating CL 048	CresaCoat® C 321	
Bossard Coating TC 058	CresaCoat® C 818	

Please refer to the relevant Credimex AG data sheets for technical data.

We require our customers to determine the suitability of our coatings for use in their applications. Neither this confirmation of equivalence nor the information on the data sheets may be used as a substitute for customer testing to ensure that the coated product is safe, effective and fully satisfactory for the intended end use. Credimex AG disclaims all liability for specified coefficient of friction windows.

Please do not hesitate to contact us if you have any further questions.
